

## Local and regional action for sustainable energy

### Descripción:

Aimed at **energy agencies, public authorities** and **energy actors** from across Europe, the ManagEnergy Annual Conference will host high-calibre speakers from the European Commission, local authorities and energy agencies.

Concrete examples of the **close collaboration between energy agencies and local authorities** will be showcased and the latest developments will be presented in EU policy as well as in the area of **technical support** for **energy efficiency and renewable energy** at the local and regional level.

One of the conference's highlights will be the **ManagEnergy Local Energy Action Award** ceremony. The **European Commissioner for Energy**, Mr Oettinger, and the **President of the Committee of the Regions**, Ms Bresso, have been invited to present the awards.
