

## Local and Regional Action for Sustainable Energy - Covenant of Mayors

### Descripción:

What local actions are being undertaken in the Covenant of Mayors? How is European funding being used? What difference has the Covenant made? Find the answers during this Covenant of Mayors afternoon!

The event will present practical results of the Covenant of Mayors among signatory cities and regions, the role of ICT for energy efficiency at the local and regional level and line-up to the Smart Cities initiative.

Specific session on financing will address the current and new opportunities for financing of sustainable energy measures at local and regional level, including structural funds, ELENA facility and a new EU energy efficiency investment facility. Practical examples and lessons learned will be presented and discussed
